General Information

Primary Communities Served: _____

Primary Counties Served: _____

Processing Facility Ownership:	<input type="checkbox"/> Publicly Owned	<input type="checkbox"/> Privately Owned
Processing Facility Operation:	<input type="checkbox"/> Publicly Operated	<input type="checkbox"/> Publicly Operated

Primary Mode(s) of Transportation:	Truck/Over the Road	Rail Car	Intermodal (piggy back truck/rail)	Over Sea Container
Incoming Material:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Outgoing Material:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Transportation Infrastructure: ☐ Adequate ☐ Needs Improvement

Facility Output Capacity (please specify units). _____

Economic Information for Recycling Related Activities

	Public Sector Employees ^[1] (#)	Private Sector Employees ^[1] (#)	Total Investment ^[2] (\$)
Fiscal Year 2002 ^[3]			

Do you have difficulties locating sufficient supplies of recycled materials from Arizona? ☐ Yes ☐ No

Do you have difficulties locating sufficient supplies of recycled materials from the region? ☐ Yes ☐ No

Do recycled materials that you receive from Arizona sources meet quality control standards. ☐ Yes ☐ No

Do you plan any expansion within the next three years? ☐ Yes ☐ No

What area of emphasis would you like to see the State's market development program target? ☐ Collection ☐ Processing ☐ End-use

^[1] Measured as full-time equivalent (40hrs/wk) employee.

^[2] Include equipment, building, land, and rolling stock (exclude collection vehicles). Use State property valuation for FY 2000-2001.

^[3] Fiscal Year 2002 began on July 1, 2001 and ended on June 30, 2002.

^[6] Other can include, but is not limited to mattresses, box springs, household batteries, fluorescent tubes, pallets.

Definitions:

Municipal solid waste includes wastes such as durable goods, nondurable goods, containers and packaging, food scraps, yard trimmings, and miscellaneous inorganic waste from residential, commercial, institutional, and light industrial sources. Examples of waste from these categories include: appliances, automobile tires, newspapers, clothing, boxes, disposable tableware, office and classroom paper, wood pallets, cafeteria wastes, and all other post-consumer wastes.

Non-Municipal solid waste includes all wastes that are not considered municipal solid waste.

Examples of waste of this type include: construction and demolition debris, automobile bodies, municipal sludges, agricultural wastes, industrial sludges, industrial process wastes, and all pre-consumer wastes even though they might be disposed of in municipal landfills or incinerators.
